MASONS CONSTITUTE ROYAL ARCH CHAPTER AT MONESSEN

Grand Officials Here Today To Take Charge Of Ceremonies.

COME IN SPECIAL TRAIN

Chapter Starts Off With Sixty-Five Charter Members.

Monessen Royal Arch Chapter of the Mason's was constituted at the Masonic Hall, Donner avenue, that place, today, a private party of grand officers who have been out this week touring the State, coming to perform the ceremonies. A large number of members of the Masonic order from various towns of the Valley were present.

The Royal Arch chapter began its existance with sixty-five charter members, several being members of McKean Commandery No. 80, Charleroi Knights Templar. The officers of the new chapter are William Frantz, M. E High Priest; John D. Berryman, King; John G. Parke, Jr., Scribe; George Nash, Treasurer; Chauncey Duvall, Secretary.

The party of grand officials, about thirty in number arrived in Charleroi this morning, at 11 o'clock in the special car "Sweet," being attached to passenger train No. 150. They were met at the depot by local and Monessen Masons and conducted in automobiles over the principal streets of town, then to Monessen where they were driven over the main thoroughfares. The party was also taken through the Pittsburg Steel Company's plant.

At high noon the ceremonies of the institution of the chapter were put through, after which dinner was served in the hall and at the Grand Hotel. In the afternoon the party returned to Charleroi and left for Carnegie with the train which leaves here at 3:38 o'clock. A chapter will be constituted at that place tonight.

Those at the head of the party were Senator William B. Meredith, of Kittanning, Grand High Priest; Carl A. Sundstorm and A. G. Criswell Smith, both of Philadelphia.

MEETINGS ON STREET PROVE SUCCESSFUL

The street meeting held by Evangelist Hendrick and Singer A. L. Carter last night at 7 o'clock was well attended. The meeting which followed at the Washington avenue church was also well attended. It was a most interesting service and resulted in two professions of faith. This morning a meeting was held at Gelder's store on Crest avenue at 9:10 o'clock, and quite a number of interested ones gathered in. At 10 o'clock the usual morning services at the church was held. The sermon last night was on the topic, "The Judgment," and was of more than ordinary interest.

Tomorrow it is likely that the evangelist and singer will go to North Charleroi to the Government works to hold meetings. The evening meetings will be continued on the streets.

"Whoa Maud!"

Miss Eunice Ray, who possesses a beautiful voice, face and figure, is the original Sheath-Gown Girl, and she and the gown will be there, too. Miss Eunice Ray is singing her way into public favor wherever she appears, and the popular song hit of the day, "I Think Her Name is Gladys" is being featured by her.

A big brass band is carried in connection with the company, and a parade will be given before the performance.

There is always something doing when "Whoa, Maud!" is on, and that it will play to a packed house already is assured. Monessen Opera House, Saturday, October 17.

SOCIETY OF ST. JEROMES CHURCH RECEIVES CHARTER

St. Jerome's Catholic Total Abstinence society was presented with its charter last evening at their regular meeting in P. H. C. hall. The presentation was made by Mr. Stephen Madden of the Pittsburg Diocesan Union, and was accepted by Mr. H. W. Schildkamp, president of the Charleroi society. Fifty members attended the meeting. After the regular order of business was disposed of the remainder of the evening was spent in music and dancing. Refreshments were served.

This society is very progressive, having four new members to initiate next meeting, and four names proposed for membership. St. Jerome's is the largest society in the Pittsburg Union.

The Women's Christian Temperance Union has made a request of the Pittsburg Union that they be furnished with 10,000 copies of Bishop Canevin's speech on temperance at the National convention held in New Haven, Conn., last August. They said they desired to distribute them from their stand at the Pittsburg exposition. Their request was granted.

Falls Dead As He Walks Street

While out for a stroll on Tuesday on the streets of New York, with his sister Miss Rose Cecelia Nevens, of Monessen, who was to have married Joseph Irvin Smith, also of Monessen, this week at the home of her mother in New York, Thomas Nevens was suddenly overcome, and fell to the street in a lifeless condition. It is understood Miss Nevens and Mr. Smith were married the following day.

OSBORNE MAKING IT HOT FOR FOREIGNERS

Game Warden Osborne was at Ellsworth this week and made four arrests for illegal hunting, all being foreigners. At a hearing before Justice Reese of Ellsworth, one was fined $35 and costs, he being found with a robin in his hands and the other three for carrying guns and hunting out of season. Osborne is making a raid on hunters in this district. He has sent to the game commission $60 and has $55 more to send.

Are You Waiting for Opportunity?

A little thinking brings you face to face with the fact that saving is essential in every walk of life.

Do not wait for opportunity to knock at your door, but improve every occasion, no matter how small, to save money.

By opening an account with the First National Bank and depositing a part of your income each week, you are on the surest and safest road to success.

BOYS GO TO WORK TODAY

Strike May Be Declared off At The Black Diamond Mines.

MINERS MEET LAST NIGHT

Decide That Company Should Take Back All Boys.

Yesterday it was feared that there would be a strike at the Black Diamond mine, from action which the company took concerning boys in the employ. The trouble as we understand was over the employment in the mines, of boys under twenty-one years of age and the benefits they are to receive from the employes' death and accident association. It is stated the company wanted the boys to sign papers exempting them from the payment of premiums in case of death or accident to the youths in the mine. They further stated that the boys would all be discharged if the parents did not sign the releases. Some signed while others refused.

The union took the matter up last evening at a meeting called especially for the purpose and decided that the "company would have to take all the boys back whether they had signed the releases or not." As a result all the boys went to work this morning. The company as yet has taken no action, but if they fail to agree with the decision of the union, it will very likely mean a strike.

Wife Alleges Surety Of Peace

Mike Demarrio, a foreigner of this place was held for court by Justice of the Peace E. E. Rice, on a charge of surety of the peace, this morning, the charge being made by his wife.

It is stated that the man kept his wife continually in terror. He has on different occasions it is said threatened her life.

GOES TO JAIL FOR ASSAULT AND BATTERY

Andy Onda, of Monessen, has been sent to jail at Greensburg by Burgess Shuster, to await a court trial for assault and battery. It is said he when in an intoxicated condition on Saturday night attacked and beat Mrs. M. Manko.

CHART TO BE OPENED SATURDAY

The chart for seats for the course attractions to be given at the school hall this fall and winter, under the auspices of a high school association, will be opened at Piper's Pharmacy, at 9 o'clock, a. m., sharp, Saturday morning, October 17. The tickets are being sold speedily.

WILL ADMITTED TO PROBATE YESTERDAY

The will of M. J. Hayden, late of Finleyville, has been admitted to probate and letters issued to J. E. Hayden and H. B. Hayden, Testator leaves his entire estate to his wife, Elizabeth M. Hayden.

Rivet Boiler Around Performer.

The Great Vandergould, and little Bennie Jones, two of Charleroi's talented performers are working at Clairton this week in the theatre there. Tonight the former will make his escape from a boiler which is rivited around him on the stage.

Use Golden Crescent Flour. At your grocers. 7t

HUNTERS OUT TODAY IN NUMBERS

Many Leave With Shutgun Or Rifle to Hunt Game

RABBITS ARE PLENTIFUL

Said To Be Found In Abundance In Some Sections.

Bre'er Rabbit had better sit close to his hole now and take notice, as from today on to December 1st, he will hear the baying of the hounds and the bark of the rifle and shotgun, in the hands of his two-legged foe, the hunter, for this morning was the opening of the hunting season in Pennsylvania.

Large number of hunters with dogs of all kinds and descriptions have left for those sections of the state where Bre'er Rabbit, the squirrel, bear, wild turkey and ruffled grouse abound. Reports from all over the state and from West Virginia and Ohio are that game is more plentiful than it has been for several years, and hunters of this section have promised their friends a generous supply from the large bags they expect to get.

The squirrel season which opened October 1, and which will close on December 1, has been very satisfactory to those hunters that like to capture this kind of game. The season for bear came in with the squirrels but, none have been reported killed up to the present. The season, which opened this morning, allows the following game birds to be killed up to December 1. Ruffled grouse, commonly called pheasant, wild turkey and Chinese and English pheasant. The season for quail, will open on November 1 and close December 1. The killing of game birds in this state is limited, it being unlawful to kill more than five ruffled grouse, 10 woodcock or more than five English or Chinese pheasants or one wild turkey in one day. Quail that can be lawfully killed during the season is limited to five or 10 a day. Four wild turkeys is the limit for the season, but the law allows 50 each of the other game birds to be killed during the open season.

FREIGHT CARS TO BE DESTROYED IN LARGE NUMBERS

Orders have been sent out to heads of car repairing departments of the railroads to sort out small wooden cars, and it is expected that thousands of freight cars will be destroyed this fall, notwithstanding the prediction of some railway managers that there will be a car shortage before next spring and that comparatively few orders for new equipment have been placed for delivery next year. The number of cars to be sent to the scrap heap depends entirely upon the reports prepared by officials of the motive power department, which will be sent to headquarters within the next few weeks.

On the Pennsylvania system alone it is estimated that fully 10,000 freight cars were destroyed last year, it is expected that a much larger number will be sent to the scrap heap this year on account of the big falling off in tonnage and the large number of cars on the railroads all over the country. Owing to the large amount of money required to repair disabled cars, executive officials have decided to destroy many of the wooden cars.

Disabled wooden cars will be transferred to one of the yard tracks, where all metal parts will be removed and the remainder of the car will be burned.

The use of heavier equipment has resulted in the railroads taking up plans for the installation of heavier machinery in all the principal car repair shops. Light machinery formerly used in repairing wooden equipment will be transferred to small repair shops along branch lines, where a large porton of the old equipment is now in use.

WORK ON NEW ROAD TO START IN FEW DAYS

Hormell-Seibert.

Miss Jessie Seibert, of Laurel avenue, Washington, and Norman Hormell, of Charleroi, a clerk in the Pittsburg steel mills of Monessen, were married at 4 o'clock yesterday afternoon at the parsonage of the Broad Street Baptist church, Washington, by the Rev. S. L. Parcell. The bride is a member of the Broad Street Baptist church and was a Bible school teacher. After a wedding trip they will be at home in Charleroi.

Stomach troubles make you blue and despondent. Contentment comes with good digestion. Miona tablets solves the problem or your money refunded. Sold by Piper Bros. 55t.

TO ESTABLISH NEW CAMP IN MONONGAHELA

The Monongahela Camp, Patriotic Order Sons of America, will be instituted on Thursday evening, October 22. District Presidents A. J. Holems of Washington and Harry K. Conner, of Turtle Creek are to be present to conduct the ceremonies.

About two weeks ago a petition was circulated for the purpose of securing twenty names in hope of instituting a branch of the order in the city. So popular was the name and so anxious were local young men to join that it was but a short time until sixty-four names were secured. Arrangements were then made for the forming of the branch. The ceremony will be held in the Jr. O. U. A. M. hall where the new lodge will hold its meetings and, will be the occasion of a big demonstration. Hundreds of visiting members will be present and will participate in the street parade, which will proceed the ceremonies of institution.

Box Social.

A Box Social will be held at Alexander's school, Friday evening, Oct. 16, '08. Everybody welcome.

Carpenters Make Strange Discoveries

Carpenters have been at work since the 24th day of last August repairing the old homestead owned by Rev. Frank Beazell, situated about two miles east of Webster it being of very ancient design. Several curious objects have been found in the house. It is the purpose of the owner in repairing to preserve its antique appearance as much as possible.

When the workmen were tearing out and repairing they run into a secret closet in which was found nearly a hundred stone jars of canned fruit. It is impossible to state how long this has been there. In addition to the canned fruit there was also discovered a set of very queer false teeth. On the rafters under the roof in the garret were found two rattle snake skins. There have also been found a number of other interesting objects.

DeWitt's Carbolized Witch Hazel Salve is the best thing to use for piles. Sold by Piper Bros. eod

WORK ON NEW ROAD TO START IN FEW DAYS

Construction of Mile of Donora-Eldora Street Railway Will Begin.

FULL CONTRACT NOT LET

Contract For Remainder of Work Will Be Awarded in A Short Time.

It was this morning announced by officials of the Donora and Eldora Street Railway company, that work on the construction of the road which is ot be built from Donora to Eldora is to be begun either the last of this week or the first of next. Frank Patterson of Donora is the contractor in charge.

The street on which work will begin is of about a mile in length in the borough of Donora. This is all of the contract which has been let. It is thought it will take about three months to finish this section, although the time in which the work can be done is greatly dependent upon the weather.

The contract for the construction of the remainder of the track has not been let as yet, but will likely be awarded in time so that work may be begun at once on it when the other section is finished. The entire length of the course over which the tracks will be laid is three and one-third miles. This when finished will mean a great deal to Donora, for it will provide an outlet other than by the railroad, and much better service will be furnished to towns along the valley.

What Co-operation Can Do.

Wholesale prices for retail buyers. Granulated sugar $1.39 per sack, potatoes 85 cents per bushel, ginger snaps, oyster crackers, soda crackers, coffee cakes, your choice 4 and a half pounds for 25 cents, oranges 20 cents a dozen, canned corn, can string beans, can baked beans, can peas, your choice 90 cents a doz. Co-operative Store. 55t3

PENNSY OFFICIALS ARRANGE FOR THE FALL INSPECTION

Plans were announced yesterday for the annual branch line inspection of the Western Pennsylvania division of the Pennsylvania railroad, which will occupy two days, October 22 and 23. The inspection party will consist of S. C. Long, general superintendent of the Western Pennsylvania division; R. T. Morrow, superintendent, Pittsburg division; A. G. Mitchell, superintendent, Monongahela division; Andew Keiser, superintendent, Conemaugh division, and the various heads of the motive power, engineering and other departments interested.

On the first day the party will proceed over the Monongahela division onto the Pittsburg division, via the Red Stone branch, thence to the South west branch, returning to Pittsburg that evening. On the second day the party will go to the North Side, to Butler, over the Conemaugh division; return to Central junction and over the South Fork branch to Pittsburg.

The Secret

of our success in selling of silver and plated is that we purchase only from manufacturers of established reputation. We satisfy ourselves with a profit that anyone would consider fair. Our jewelry stock shows to excellent advantage, and is priced as low as any sensible buyer would care to go.

Everything in Readiness

Everything is in readiness for the Dairy Contest and Milk Exhibit to be conducted by the U. S. Department of Agriculture at the Pittsburg Chamber of Commerce next Thursday, October 22nd. Entries are being received daily from Ohio and Pennsylvania, creameries sending milk to Pittsburg. All samples must be shipped by express in bottles not later than Saturday, October 17th. Upon reaching Pittsburg the samples will be taken care of by the U. S. Department of Agriculture, who will be responsible for samples, and who will test and score the exhibit.

It is expected that the contest will result in the formation of a Dairymen's Association. It is not the purpose of the proposed association to enter the field of milk production and supply now occupied by private companies. The idea is to interest the milk producers of Ohio and Pennsylvania in improving the methods of milk production. The purpose of the contemplated organization would be to afford a clearing-house for the exchange of ideas and information between the members in the interest of pure milk. Representative dairymen in Ohio and Pennsylvania have been asked by the Chamber of Commerce to act as members of the Executive Committee until a permanent organization is completed. It is expected this matter will receive attention at the Contest on October 22nd.

Fiendish Crime.

"The deed of a fiend." The words scarcely described the work of the dirty, dastardly villian who is charged with throwing lime into the eyes of a babe at Ellsworth and destroying the child's sight and causing the innocent little one untold agony and suffering. If the story is true and the evidence at hand is pretty conclusive, the brute who is masquerading under the name of man, should be made to suffer, that he might properly see the magnitude of his crime. What is nearer murder than a deed of the kind, where a bright and inoffensive little two year old is made to lose her eyesight, and if she lives, go through this world without the principal of the five senses and forever be a burden to her friends? Not only the child must suffer, either, for to her parents, and mother in particular, it is almost worse than death itself to see the little one stricken and suffering so terribly, and the bright little spirit, which they had learned to love as their own lives crying so pitifully for aid which can not be rendered.

Perhaps the father and mother and the one who committed the deed were not on good terms. Perhaps even the former named persons were to blame. What matters it? That is no excuse whatever for the fiendish deed. The child was not to blame, yet as is often the case, the innocent made to suffer.

We believe in the law of forgiveness to the fullest extent, but a brute of the kind described above, who is a disgrace to the animal kingdom, is not entitled to the least sympathy. A deed of the kind almost deserves hanging of the perpetrator.

Carelessness.

Carelessness in nearly every case, on the railroad or in the mines, has something to do with tragedies which occurs with such startling frequency. Monday at Coal Centre a man suffered a heavy loss of a fine team of horses, simply because he was careless and failed to pay the proper attention to the movement of trains in the vicinity when he was crossing the railroad tracks. He barely escaped with his life. A large number of such cases where carelessness plays a part might be enumerated. The newspapers daily contain accounts of tragedies where the whole cause was the inattention at the supreme moment of some one, upon whom the balance of a life rested.

Such a condition in this great American country of ours is bewailed. We should learn to watch ourselves more closely when in danger and not, speaking figuratively, be the fool who rocks the boat

Holiday vs. Custom.

Up in High school the other day they raised the old time question as to whether Saturday or Monday should be observed as a holiday in our schools, and in a debate it was decided that the latter would be the proper one. There are arguments on both sides of the question, which good sound reasoning will bring forth

In an effort to prove that Monday is the proper day to be observed it was stated that the pupils would study then, rather than on the Sabbath, as now, and besides could help their toiling parents Of course Monday is usually regarded as wash day, but then who in the world wants the whole school system revolutionized simply because custom (which made Saturday a holiday) fixed the first working day in the week as washday. Not the superintendents, teachers or pupils and very few parents, so there you are.

Let There Be Light.

The West Penn Electric company is installing a new system of window lighting not only in Charleroi but in other towns along their circuit as well, and state that when completed it will make the streets of the cities where installed a great deal brighter at night.

We sincerely hope so. Charleroi has suffered from inefficient street lighting, doubtless as much as anyo ther town which has registered kicks, and the streets of this place at night now, have not acquired any especial distinction for their brightness, so if the new system will help any, let's have the company get busy and accomplish the work real sudden. "Let there be light."

Electric Sparks.

Bryan is said to be figuring in a three-ring circus. He is quite capable.

Next time Congress gets together we hope that some steps will be taken to investigate the cause of droughts and devise the means of their prevention.

One of the sad results of the recent celebration in Pittsburg is that when the tide of pleasure receded it left stranded on the bosom of the town many young women who went there to see the fun and liked it so well they stayed there and took up their wayward knitting.

Des Moines has promulgated a rule prohibiting its policemen from chewing gum. There is no objection to "the rag" however.

It is no derogation from Wilbur Wright's achievement in flying 65 minutes with a French journalist as a passenger to point out that the average French journalist is pretty light weight.

Well, anyhow, the oats crop exceeds last year's—Huh? Naw, not the kind they sow in New York.

Another thing about this year's corn crop that is encouraging is that it inspires the hope that we shall have better breakfast food and not so much of them.

These are peculiar political times. Each wants to know where the other got his money. An aspirant for political honors must prove himself a pauper. This is not difficult in many cases, especially if the candidate has followed the game very long.

Servia was all ready to go to war, but on looking over the assets found that she hadn't any ammunition. Funny a little thing like that should have been overlooked.

Any delay in winter weather will be welcome. It will help upon the Christmas by saving money on the coal bills.

The Pennsylvania railroad system is under inspection this month but there will be nothing doing in the way of improvements until the election is over and business knows where it is "at."

The new twenty-dollar gold piece "won't stack," it is said. But they can be exchanged for poker chips, which are not open to the same objection.

The class rush and the football rush have many points in common; in fact, about the only difference is that football destroys less clothing.

Tourist travel is said to be very heavy. Some of it is headed for Europe, but most of it is coming South on side-door sleepers.—Atlanta Georgia

Briefs of the County

Canonsburg, Oct 14—A dog, with every indication of being mad, caused much excitement in West College street at noon Tuesday. At least seven houses were visited by the cur, and in some cases the animal rushed into the homes, frightening the inmates. The dog was finally shut in a cellar, an officer summoned, and the animal despatched.

Washington, Oct. 14.—Edna Manson, colored, of Taylorstown, was arrested by Detective Sarver yesterday charged with aggravated assault and battery, on information made by Mrs. Rosie Brandsor, also colored of the same place. The former was taken before Justice Gantz and was held for court. In default of bail she was committed to jail. Tom Manson, husband of the defendant, who was also called to answer to a similar charge, was discharged through lack of evidence.

BAPTISTS CONVENE HERE TOMORROW

Friday afternoon and evening representatives of various Baptist churches of the valley will convene here, to be the guests of the local Baptist people, at their church on Washington avenue, between Third and Fourth streets. In the afternoon questions of interest to church people will be discussed by different ones. Supper will be served in the church. In the evening there will be special music by the choir after which Dr. H. C. Gleiss, recording secretary of the Pittsburg Baptist association will make an address. A social session will follow.

A public meeting of Republicans will be held in Turners Hall Friday, night Oct. 16th, '08 at 8 o'clock, for the purpose of making arrangements to attend a Repbulican Rally to be held at Washington, Pa., every person invited. 5413

Making More Than a Living
Nearly every man who works steadily makes more than a living. During these slow times the men who have saved something appreciate what it is to have something laid away for a rainy day. A few cents a day soon counts up, and when savings are placed in a bank at a tidy interest the sum soon grows to proportions that make it a safeguard against want when work is not plentiful. Figure up how much more than a living you are making now, and place the difference in this bank. Four per cent. interest paid in savings department.

CAUSES DEBILITY

Here Are Facts Backed Up By a Strong Guarantee.

Debility is caused by catarrh. In our opinion, a person free from Catarrh was never troubled with Debility. Debility can never be cured by medicine not designed to cure Catarrh. We positively guarantee to cure Catarrh, and thus cure Debility. In every case where we fail to effect a cure, we will not charge a cent for the medicine employed during the trial. Now, surely no one should hesitate to believe us or to put our claim to a practical test under such conditions. We take all the risk; no one else can lose anything by the transaction.

We make these statements and this offer because we know and have time and again proved that Rexall Mucu-Tone will cure Catarrh. It is designed for that one particular purpose. It is not a cure-all prescribed to cure every disease that flesh is heir to. It is a specific. Rexal Mucu-Tone is absorbed in the stomach and carried by the blood until it penetrates every part of the body, acting as an antiseptic, disinfecting, cleansing, soothing and healing agent. It rids the system of all germs and poisonous matter, purifies and enriches the blood, rebuilds injured tissues, cleanses and invigorates the muco-cells, neutralizes the acids of the body, stops mucus discharge, tones up the entire system, promotes nutrition, increases body weight, and brings a feeling of healthfulness that is lasting.

We have Rexall Mucu-Tone in two sizes. Prices 50c and $1.00. We urge you to try a bottle on our guarantee.

John W. Carroll, Charleroi, Pa.

Two Sorts of Paint Makers.

Why don't Devoe make paint, as many others do, to go three-quarters as far, or two-thirds, or half, or a third, or a quarter?

Mr Aaron Higgins, Plainfield, N. J, always used 15 gallons of paint for his house; Devoe took 11.

There are two sorts of paint: all paint, true paint, strong paint, full-measure; and part paint, false paint, weak paint short-measure.

The paint-manufacturers are two sorts: Devoe and others.

Buckholdt Hardware Co.

DeWitt's little Early Risers, safe easy, pleasant, sure, little liver pills. Sold by Piper Bros. eod.

Household Hints.

A scratch on polished furniture can be almost obliterated by rubbing vigorously with linseed oil.

A half worn carpet may be made to last much longer by ripping it apart and transposing the breadths.

If an iron is not at hand when marking clothes with indelible ink, hold the writing against a lighted lamp chimney or gas globe.

Holes in plaster walls may be stopped with a mixture of sand and plaster of paris mixed into a paste with water. When dry cover with a piece of paper to match the wall.

Never allow the fire box of a cook stove to be more than three-fourths full. When the fire box is full a larger amount of coal is not only consumed, but much heat is lost and the draft is checked.

Industrial Items.

Hydraulic presses are used in England for making seamless steel boat hulls.

In place of horses, bullocks or oxen are generally employed on the farms in Bolivia.

There are thirty-seven meat freezing establishments in New Zealand, but probably only one-half of them do any canning.

Germany is freely imitating American patterns in the manufacture of farm implements and machinery. Though American harvesters still predominate.

The world's greatest industry is probably cotton manufacturing, with its many ramifications and special branches. In Germany each special branch tends to concentrate in some particular section and around some particular town

As to Traveling.

"Yes, sir. When I travel I want the very best."

"So do I. That's why I always stay at home."—New York Life.

Generally Admitted.

Whate'er may be said of a sweetheart,
"Too giddy," "too old" or "too new,"
There's one point admits of no question—
She can't be "too good to be true."
—Philadelphia Press.

Duplicates.

Stella—Did she get duplicate wedding presents?

Bella—Yes; the same as at her first marriage.—New York Sun.

To the Limit.

Women had decided to wear even larger hats.

"Not impracticable at all," they explained. "The center doors of the new cars are twice as wide as in the old ones."

Men wondered, but were helpless.—Philadelphia Ledger.

JAP ROSE SOAP

MARIANNA

IS "TOPPED UP" BY THE PENNSYLVANIA RAILROAD.

Now is the time to invest in one or more of the splendid building lots we offer for sale at MARIANNA—the town of happy homes and profitable investment—destined to be the most prosperous community in Washington County.

DO YOU WANT AN INVESTMENT WHERE THE ELEMENT OF RISK IS WHOLLY UNLIMITED? If so, take the 8:20 a. m. train at Union Dep t, Pittsburg for MARIANNA on

SATURDAY, OCTOBER 17,

WHERE WE WILL SELL SOME CHOICE

BUSINESS AND RESIDENT LOTS

MARIANNA is located on Ten Mile Creek, Washington county; 30 miles from Pittsburg; 20 miles from Monongahela City; 12 miles from Waynesburg; 18 miles from Washington; one mile from Zollarsville; six miles from Scenery Hill.

MARIANNA has the only standard gauge railroad into this district, where the largest coal mines in the country are under aggressive and expert development

The great drain on the coal fields of Fayette and Westmoreland counties in Pennsylvania—that have been producing approximately 50 per cent of the coke manufactured in the United States—it is being felt to such an extent that the remaining life of the old field is a pressing consideration. During the past year there has been a notable trend toward the Washington and Greene county coking field. The following interests have invested and expect to operate in this new field: The Bessemer Coke company, the Dilworth Coal company, Andrew-Hitchcock Iron and Steel company, the Youngstown Iron and Steel company, the Gilmore Coke company, the Osborne & Patterson interests, the Pittsburg-Westmoreland Coal company, the Pittsburg-Buffalo company, the Emerald Coal company and the Lackawanna Iron and Steel company.

The Pittsburg-Buffalo company, which owns 18,000 acres in this field expects to erect one of the largest coking plants in the United States, and the three new mines now being equipped and which have been in development during the past two years, are located at MARIANNA, on the new extension of the Monongahela Division of the Pennsylvania Railroad. Each of the mines is being equipped for a minimum capacity of 1,000,000 tons of coal per annum, and when completed they will be the most modern shaft mines in the world, each having a larger capacity than any other now in existence.

MARIANNA is bound to become the great coal and coke center and one of the best towns in the field.

Investigate this gateway to this new coal and coke district. Location, railway and market facilities all good.

MARIANNA will enjoy all modern improvements. A 3-story brick hotel, strictly modern, is being constructed and will throw its doors open to the public about the first of the new year. The Farmers and Miners Bank building is under way. The Marianna Water company will supply water in abundance—no water famine in Marianna. The Manufacturers Light and Heat company maintain a station at this point. Eighty families are already comfortably located there.

Investigate other new towns—you will then invest at MARIANNA.

Lots from $100 to $600, according to size and location. Easy payments. Titles are perfect.

Our representative will be on the ground all day SATURDAY, OCTOBER 17. All questions cheerfully answered.

These lots will not stay on market long; prices will soon soar.

Trains leave Monongahela for MARIANNA at 6:30 a. m., 9:55 a. m. and 4:52 p. m.

Return trains leave MARIANNA at 11:26 a. m. and 6:38 p. m. for Pittsburg, Monongahela and all river points.

NEW COATS For the Baby

BERRYMAN'S

The NEW BELTS

Greatest Selections and Best Values in Women's Fall Suits.

Our show rooms are stocked with the very newest and best there is to be had. The selection is very large—containing every model approved by style leaders—and prices are noteworthy low. The very important points of fitting and alterin g are well taken care of, all work being guaranteed positively satisfactory. Come now and see this great style show.

THE STYLES

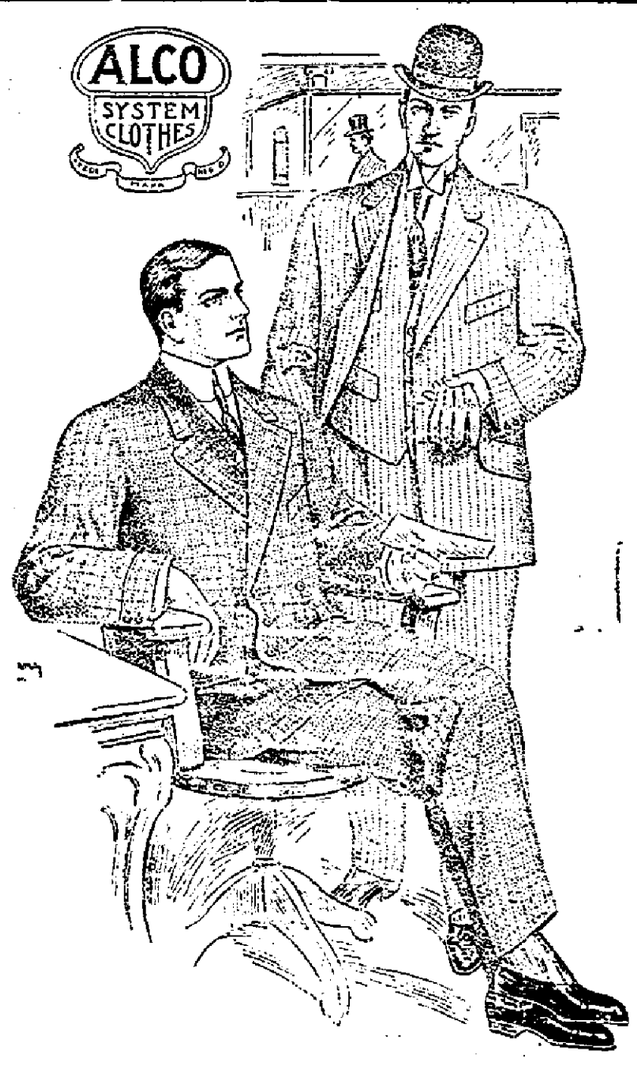
The generally accepted idea for Fall Suits is the long coat—but as different lengths are suitable for different figures, it is best to get the coat that's most becoming, whether or not it is as long as the ordinary Fall model. In other words, we have every possible length, and it is our aim to sell the most becoming length to each lady. Remember that some of the shorter models are equally stylish. Lengths are 27, 32, 36, 40, 41, 50 inches.

THE SKIRTS

Are remarkably handsome and range from the strictly tailored gored style to the richly trimmed—all to conform perfectly with the style of the coat.

We cordially invite you to come—look at them—try them on—whether you wish to buy or not.

Berryman's
CHARLEROI'S LIVE STORE



EVERYBODY KNOWS THAT

clothes don't make the man—but every little helps, and "ALCO SYSTEM CLOTHES" help more than any other ready-to-wear clothes we know.

The new Fall and Winter models have every little feature the young man of today wants in his clothes, such as rounded corners at bottom, and on collar and lapels; long, soft rolled lapels, two or three buttons, cuffs on sleeves, slanting pockets, and other small details that stamp the style as fashion's latest.

Overcoats show the same careful designing and once you are clad in an "ALCO suit and overcoat you enjoy the real sensation of being well dressed.

Quality of materials is what regulates the price of "ALCO" clothes and not the style, as it costs no more to put in the style than it would to make them "like grandfather used to wear." So we insist on the style—and get it.

You will be asked twenty to twenty five per cent more in other stores for suits and overcoats we sell at $10.00, $12.50, $15.00, $18.00, $20.00 and $25.00

Personal Mention

George Anderson, of the Monongahela Republican was in Charleroi last evening at the skating rink.

P. R. R. detectives Henderson and Holland have rounded up thieves who stole seat cushions from passenger trains at Shire Oaks.

Miss Alma James has left for Elwood, Indiana, to spend several weeks.

Mrs. Charles Steele, Mrs. Willite Binns and Miss Alice McKean are Pittsburg visitors today.

Mrs. William Porter is a Pittsburg visitor today.

Mrs. Harry Meyers of Oil City, has returned home from a visit with friends in Charleroi.

T. Tomlinson is spending the dey in Pittsburg.

Dr. J. Clive Enos was attending to business in Pittsburg.

Mrs. E. Brown and daughter Miss Winifred are spending the day in Pittsburg.

J. H. Lee and Mrs. Ferguson have returned from Chambersburg where they were sent the former as delegate of the Coal City Lodge, G. U. O. O. F. and the latter the Household of Ruth of Monongahela.

As a result of a fight on Fallowfield avenue last night between Sixth and Seventh street, the two principals were fined $3 and costs at a hearing this morning

Miss Anna Shepler was in Pittsburg yesterday visiting Harry B. Staver at the Mercy hospital.

Pool Boats May Be Taken Out

In the absence of a rise in the rivers eight or more poolboats will be taken out of commission by the close of the present week. The presence of acids in the Monongahela river and its destructive effects on the boilers that resulted in operators sending all poolboats to the banks that can be spared. Some of the boats have been sent to the shops three or four times since July 1 to have boiler plates replaced. The quantity of acid in the river is said to be greater on account of the stagnant condition of the water in the pools. With a stage of eight feet in the pools the water runs over the dams and the geater portion of the acid is carred off and injury to boilers reduced to a minimum.

Surprised By Friends.

Mrs. John Laverick of Dunlevy was tendered a pleasant surprise last night at her home, her parents, brothers and sisters with their families gathering to do her honor. The evening was enjoyable spent. A lunch was served.

Arranging For Skating Party.

A committee of young men of Charleroi and Monongahela are arranging for a skating party to be held at the local rink in the very near future. The date has not been announced as yet.

MASONS CONSTITUTE ROYAL ARCH CHAPTER AT MONESSEN

Grand Officials Here Today To Take Charge Of Ceremonies.

COME IN SPECIAL TRAIN

Chapter Starts Off With Sixty-Five Charter Members.

Monessen Royal Arch Chapter of the Mason's was constituted at the Masonic Hall, Donner avenue, that place, today, a private party of grand officers who have been out this week touring the State, coming to perform the ceremonies. A large number of members of the Masonic order from various towns of the Valley were present.

The Royal Arch chapter began its existance with sixty-five charter members, several being members of McKean Commandery No. 80, Charleroi Knights Templar. The officers of the new chapter are William Frantz, M. E High Priest; John D. Berryman, King; John G. Parke, Jr., Scribe; George Nash, Treasurer; Chauncey Duvall, Secretary.

The party of grand officials, about thirty in number arrived in Charleroi this morning, at 11 o'clock in the special car "Sunset," being attached to passenger train No. 150. They were met at the depot by local and Monessen Masons and conducted in automobiles over the principal streets of town, then to Monessen where they were driven over the main thoroughfares. The party was also taken through the Pittsburg Steel Company's plant.

At high noon the ceremonies of the institution of the chapter were put through, after which dinner was served in the hall and at the Grand Hotel. In the afternoon the party returned to Charleroi and left for Carnegie with the train which leaves here at 3:26 o'clock. A chapter will be constituted at that place tonight.

Those at the head of the party were Senator William B. Meredith, of Kittanning, Grand High Priest; Carl A. Sundstorm and A. G. Criswell Smith, both of Philadelphia.

MEETINGS ON STREET PROVE SUCCESSFUL

The street meeting held by Evangelist Hendrick and Singer A. L. Carter last night at 7 o'clock was well attended. The meeting which followed at the Washington avenue church was also well attended. It was a most interesting service and resulted in two professions of faith. This morning a meeting was held at Gelder's store on Crest avenue at 9:10 o'clock, and quite a number of interested ones gathered in. At 10 o'clock the usual morning services at the church was held. The sermon last night was on the topic, "The Judgment," and was of more than ordinary interest.

Tomorrow it is likely that the evangelist and singer will go to North Charleroi to the Government works to hold meetings. The evening meetings will be continued on the streets.

"Whoa Maud!"

Miss Eunice Ray, who possesses a beautiful voice, face and figure, is the original Sheath-Gown Girl, and she and the gown will be there, too. Miss Eunice Ray is singing her way into public favor wherever she appears, and the popular song hit of the day, "I Think Her Name is Gladys" is being featured by her.

A big brass band is carried in connection with the company, and a parade will be given before the performance.

There is always something doing when "Whoa, Maud!" is on, and that it will play to a packed house already is assured. Monessen Opera House, Saturday, October 17.

SOCIETY OF ST. JEROMES CHURCH RECEIVES CHARTER

St. Jerome's Catholic Total Abstinence society was presented with its charter last evening at their regular meeting in P. H. C. hall. The presentation was made by Mr. Stephen Madden of the Pittsburg Diocesan Union, and was accepted by Mr. H. W. Schildkamp, president of the Charleroi society. Fifty members attended the meeting. After the regular order of business was disposed of the remainder of the evening was spent in music and dancing. Refreshments were served.

This society is very progressive, having four new members to initiate next meeting, and four names proposed for membership. St. Jerome's is the largest society in the Pittsburg Union.

The Women's Christian Temperance Union has made a request of the Pittsburg Union that they be furnished with 10,000 copies of Bishop Canevin's speech on temperance at the National convention held in New Haven, Conn., last August. They said they desired to distribute them from their stand at the Pittsburg exposition. Their request was granted.

Falls Dead As He Walks Street

While out for a stroll on Tuesday on the streets of New York, with his sister Miss Rose Cecelia Nevens, of Monessen, who was to have married Joseph Irvin Smith, also of Monessen, this week at the home of her mother in New York, Thomas Nevens was suddenly overcome, and fell to the street in a lifeless condition. It is understood Miss Nevens and Mr. Smith were married the following day.

OSBORNE MAKING IT HOT FOR FOREIGNERS

Game Warden Osborne was at Ellsworth this week and made four arrests for illegal hunting, all being foreigners. At a hearing before Justice Reese of Ellsworth, one was fined $35 and costs, he being found with a robin in his hands and the other three for carrying guns and hunting out of season. Osborne is making a raid on hunters in this district. He has sent to the game commission $60 and has $55 more to send.

BOYS GO TO WORK TODAY

Strike May Be Declared off At The Black Diamond Mines.

MINERS MEET LAST NIGHT

Decide That Company Should Take Back All Boys.

Yesterday it was feared that there would be a strike at the Black Diamond mine, from an action which the company took concerning boys in the employ. The trouble as we understand was over the employment in the mines, of boys under twenty-one years of age and the benefits they are to receive from the employes' death and accident association. It is stated the company wanted the boys to sign papers exempting them from the payment of premiums in case of death or accident to the youths in the mine. They further stated that the boys would all be discharged if the parents did not sign the releases. Some signed while others refused.

The union took the matter up last evening at a meeting called especially for the purpose and decided that the "company would have to take all the boys back whether they had signed the releases or not." As a result all the boys went to work this morning. The company as yet has taken no action, but if they fail to agree with the decision of the union, it will very likely mean a strike.

Wife Alleges Surety Of Peace

Mike Demarrio, a foreigner of this place was held for court by Justice of the Peace E. E. Rice, on a charge of surety of the peace, this morning, the charge being made by his wife.

It is stated that the man kept his wife continually in terror. He has on different occasions it is said threatened her life.

GOES TO JAIL FOR ASSAULT AND BATTERY

Andy Onda, of Monessen, has been sent to jail at Greensburg by Burgess Shuster, to await a court trial for assault and battery. It is said he when in an intoxicated condition on Saturday night attacked and beat Mrs. M. Manko.

CHART TO BE OPENED SATURDAY

The chart for seats for the course attractions to be given at the school hall this fall and winter, under the auspices of a high school association, will be opened at Piper's Pharmacy, at 9 o'clock, a. m., sharp, Saturday morning, October 17. The tickets are being sold speedily.

WILL ADMITTED TO PROBATE YESTERDAY

The will of M. J. Hayden, late of Finleyville, has been admitted to probate and letters issued to J. E. Hayden and H. B. Hayden, Testator leaves his entire estate to his wife, Elizabeth M. Hayden.

Rivet Boiler Around Performer.

The Great Vandergould, and little Bennie Jones, two of Charleroi's talented performers, will appear at Clairton this week in the theatre there. Tonight the former will make his escape from a boiler which is rivited around him on the stage.

Use Golden Crescent Flour. At your grocers. 7f

HUNTERS OUT TODAY IN NUMBERS

Many Leave With Shutgun Or Rifle to Hunt Game

RABBITS ARE PLENTIFUL

Said To Be Found In Abundance In Some Sections.

Bre'er Rabbit had better sit close to his hole now and take notice, as from today on to December 1st, he will hear the baying of the hounds and the bark of the rifle and shotgun, in the hands of his two-legged foe, the hunter, for this morning was the opening of the hunting season in Pennsylvania.

Large number of hunters with dogs of all kinds and descriptions have left for those sections of the state where Bre'er Rabbit, the squirrel, bear, wild turkey and ruffled grouse abound. Reports from all over the state and from West Virginia and Ohio are that game is more plentiful than it has been for several years, and hunters of this section have promised their friends a generous supply from the large bags they expect to get.

The squirrel season which opened October 1, and which will close on December 1, has been very satisfactory to those hunters that like to capture this kind of game. The season for bear came in with the squirrels but none have been reported killed up to the present. The season, which opened this morning, allows the following game birds to be killed up to December 1. Ruffled grouse, commonly called pheasant, wild turkey and Chinese and English pheasant. The season for quail, will open on November 1 and close December 1. The killing of game birds in this state is limited, it being unlawful to kill more than five ruffled grouse, 10 woodcock or more than five English or Chinese pheasants or one wild turkey in one day. Quail that can be lawfully killed during the season is limited to five or 10 a day. Four wild turkeys is the limit for the season, but the law allows 50 each of the other game birds to be killed during the open season.

FREIGHT CARS TO BE DESTROYED IN LARGE NUMBERS

Orders have been sent out to heads of car repairing departments of the railroads to sort out small wooden cars, and it is expected that thousands of freight cars will be destroyed this fall, notwithstanding the prediction of some railway managers that there will be a car shortage before next spring and that comparatively few orders for new equipment have been placed for delivery next year. The number of cars to be sent to the scrap heap depends entirely upon the reports prepared by officials of the motive power department, which will be sent to headquarters within the next few weeks.

On the Pennsylvania system alone it is estimated that fully 10,000 freight cars were destroyed last year, it is expected that a much larger number will be sent to the scrap heap this year—on account of the big falling off in tonnage and the large number of cars on the railroads all over the country. Owing to the large amount of money required to repair disabled cars, executive officials have decided to destroy many of the wooden cars.

Disabled wooden cars will be transferred to one of the yard tracks, where all metal parts will be removed and the remainder of the car will be burned.

The use of heavier equipment has resulted in the railroads taking up plans for the installation of heavier machinery in all the principal car repair shops. Light machinery formerly used in repairing wooden equipment will be transferred to small repair shops along branch lines, where a large porton of the old equipment is now in use.

WORK ON NEW ROAD TO START IN FEW DAYS

Construction of Mile of Donora-Eldora Street Railway Will Begin.

FULL CONTRACT NOT LET

Contract For Remainder of Work Will Be Awarded in A Short Time.

It was this morning announced by officials of the Donora and Eldora Street Railway company, that work on the construction of the road which is to be built from Donora to Eldora is to be begun either the last of this week or the first of next. Frank Patterson of Donora is the contractor in charge.

The street on which work will begin is of about a mile in length in the borough of Donora. This is all of the contract which has been let. It is thought it will take about three months to finish this section, although the time in which the work can be done is greatly dependent upon the weather.

The contract for the construction of the remainder of the track has not been let as yet, but will likely be awarded in time so that work may be begun at once on it when the other section is finished. The entire length of the course over which the tracks will be laid is three and one-third miles. This when finished will mean a great deal to Donora, for it will provide an outlet other than by the railroad, and much better service will be furnished to towns along the valley.

What Co-operation Can Do.

Wholesale prices for retail buyers. Granulated sugar $1.39 per sack. potatoes 85 cents per bushel, ginger snaps, oyster crackers, soda crackers, coffee cakes, your choice 4 and a half pounds for 25 cents, oranges 20 cents a dozen, canned corn, can string beans, can baked beans, can peas, your choice 90 cents a doz. Co-operative Store. 55t3

Hormell-Seibert.

Miss Jessie Seibert, of Laurel avenue, Washington, and Norman Hormell, of Charleroi, a clerk in the Pittsburg steel mills of Monessen, were married at 4 o'clock yesterday afternoon at the parsonage of the Broad Street Baptist church, Washington, by the Rev. S. L. Parcell. The bride is a member of the Broad Street Baptist church and was a Bible school teacher. After a wedding trip they will be at home in Charleroi.

Stomach troubles make you blue and despondent. Contentment comes with good digestion. Miona tablets solves the problem or your money refunded. Sold by Piper Bros. 55t.

TO ESTABLISH NEW CAMP IN MONONGAHELA

The Monongahela Camp, Patriotic Order Sons of America, will be instituted on Thursday evening, October 22. District Presidents A. J. Holems of Washington and Harry K. Conner, of Turtle Creek are to be present to conduct the ceremonies.

About two weeks ago a petition was circulated for the purpose of securing twenty names in hope of instituting a branch of the order in the city. So popular was the name and so anxious were local young men to join that it was but a short time until sixty-four names were secured. Arrangements were then made for the forming of the branch. The ceremony will be held in the Jr. O. U. A. M. hall where the new lodge will hold its meetings and will be the occasion of a big demonstration. Hundreds of visiting members will be present and will participate in the street parade, which will proceed the ceremonies of institution.

Box Social.

A Box Social will be held at Alexander's school, Friday evening, Oct. 16, '08. Everybody welcome.

Carpenters Make Strange Discoveries

Carpenters have been at work since the 24th day of last August repairing the old homestead owned by Rev. Frank Beazell, situated about two miles east of Webster it being of very ancient design. Several curious objects have been found in the house. It is the purpose of the owner in repairing to preserve its antique appearance as much as possible.

When the workmen were tearing out and repairing they run into a secret closet in which was found nearly a hundred stone jars of canned fruit. It is impossible to state how long this has been there. In addition to the canned fruit there was also discovered a set of very queer false teeth. On the rafters under the roof in the garret were found two rattle snake skins. There have also been found a number of other interesting objects.

DeWitt's Carbolized Witch Hazel Salve is the best thing to use for piles. Sold by Piper Bros. eod

PENNSY OFFICIALS ARRANGE FOR THE FALL INSPECTION

Plans were announced yesterday for the annual branch line inspection of the Western Pennsylvania division of the Pennsylvania railroad, which will occupy two days, October 22 and 23. The inspection party will consist of S. C. Long, general superintendent of the Western Pennsylvania division; R. T. Morrow, superintendent, Pittsburg division; A. G. Mitchell, superintendent, Monongahela division; Andew Keiser, superintendent, Conemaugh division, and the various heads of the motive power, engineering and other departments interested.

On the first day the party will proceed over the Monongahela division onto the Pittsburg division, via the Red Stone branch, thence to the South west branch, returning to Pittsburg that evening. On the second day the party will go to the North Side, to Butler, over the Conemaugh division; return to Central junction and over the South Fork branch to Pittsburg.

Are You Waiting for Opportunity?

A little thinking brings you face to face with the fact that saving is essential in every walk of life.

Do not wait for opportunity to knock at your door, but improve every occasion, no matter how small, to save money.

By opening an account with the First National Bank and depositing a part of your income each week, you are on the surest and safest road to success.

Everything in Readiness

Everything is in readiness for the Dairy Contest and Milk Exhibit to be conducted by the U. S. Department of Agriculture at the Pittsburg Chamber of Commerce next Thursday, October 22nd. Entries are being received daily from Ohio and Pennsylvania, creameries sending milk to Pittsburg. All samples must be shipped by express in bottles not later than Saturday, October 17th. Upon reaching Pittsburg the samples will be taken care of by the U. S. Department of Agriculture, who will be responsible for samples, and who will test and score the exhibit.

It is expected that the contest will result in the formation of a Dairymen's Association. It is not the purpose of the proposed association to enter the field of milk production and supply now occupied by private companies. The idea is to interest the milk producers of Ohio and Pennsylvania in improving the methods of milk production. The purpose of the contomplated organization would be to afford a clearing-house for the exchange of ideas and information between the members in the interest of pure milk. Representative dairymen in Ohio and Pennsylvania have been asked by the Chamber of Commerce to act as members of the Executive Committee until a permanent organization is completed. It is expected this matter will receive attention at the Contest on October 22nd.

Fiendish Crime.

"The deed of a fiend." The words scarcely described the work of the dirty, dastardly villian who is charged with throwing lime into the eyes of a babe at Ellsworth and destroying the child's sight and causing the innocent little one untold agony and suffering. If the story is true and the evidence at hand is pretty conclusive, the brute who is masquerading under the name of man, should be made to suffer, that he might properly see the magnitude of his crime. What is nearer murder than a deed of the kind, where a bright and inoffensive little two year old is made to lose her eyesight, and if she lives, go through this world without the principal of the five senses and forever be a burden to her friends? Not only the child must suffer either, for to her parents, and mother in particular, it is almost worse than death itself to see the little one stricken and suffering so terribly, and the bright little spirit, which they had learned to love as their own lives crying so pitifully for aid which can not be rendered.

Perhaps the father and mother and the one who committed the deed were not on good terms. Perhaps even the former hated persons were to blame. What matters it? That is no excuse whatever for the fiendish deed. The child was not to blame, yet as is often the case, the innocent made to suffer.

We believe in the law of forgiveness to the fullest extent, but a brute of the kind described above, who is a disgrace to the animal kingdom, is not entitled to the least sympathy. A deed of the kind almost deserves hanging of the perpetrator.

Carelessness.

Carelessness in nearly every case, on the railroad or in the mines, has something to do with tragedies which occurs with such startling frequency. Monday at Coal Centre a man suffered a heavy loss of a fine team of horses, simply because he was careless and failed to pay the proper attention to the movement of trains in the vicinity when he was crossing the railroad tracks. He barely escaped with his life. A large number of such cases where carelessness plays a part might be enumerated. The newspapers daily contain accounts of tragedies where the whole cause was the inattention at the supreme moment of some one, upon whom the balance of a life rested.

Such a condition in this great American country of ours is bewailed. We should learn to watch ourselves more closely when in danger and not, speaking figuratively, be the fool who rocks the boat.

Holiday vs. Custom.

Up in High school the other day they raised the old time question as to whether Saturday or Monday should be observed as a holiday in our schools, and in a debate it was decided that the latter would be the proper one. There are arguments on both sides of the question, which good sound reasoning will bring forth.

In an effort to prove that Monday is the proper day to be observed it was stated that the pupils would study then, rather than on the Sabbath, as now, and besides could help their toiling parents. Of course Monday is usually regarded as wash day, but then who in the world wants the whole school system revolutionized simply because custom (which made Saturday a holiday) fixed the first working day in the week as washday. Not the superintendents, teachers or pupils and very few parents, so there you are.

Let There Be Light.

The West Penn Electric company is installing a new system of window lighting not only in Charleroi but in other towns along their circuit as well, and state that when completed it will make the streets of the cities where installed a great deal brighter at night.

We sincerely hope so. Charleroi has suffered from inefficient street lighting, doubtless as much as anyo ther town which has registered kicks, and the streets of this place at night now, have not acquired any especial distinction for their brightness, so if the new system will help any, let's have the company get busy and accomplish the work real sudden. "Let there be light."

Electric Sparks.

Bryan is said to be figuring in a three-ring circus. He is quite capable.

Next time Congress gets together we hope that some steps will be taken to investigate the cause of droughts and devise the means of their prevention.

One of the sad results of the recent celebration in Pittsburg is that when the tide of pleasure receded it left stranded on the bosom of the town many young women who went there to see the fun and liked it so well they stayed there and took up their wayward knitting.

Des Moines has promulgated a rule prohibiting the policemen from chewing gum. There is no objection to "the rag" however.

It is no derogation from Wilbur Wright's achievement in flying 65 minutes with a French journalist as a passenger to point out that the average French journalist is pretty light weight.

Well, anyhow, the oats crop exceeds last year's—Huh? Naw, not the kind they sow in New York.

Another thing about this year's corn crop that is encouraging is that it inspires the hope that we shall have better breakfast food and not so much of them.

These are peculiar political times. Each wants to know where the other got his money. An aspirant for political honors must prove himself a whiper. This is not difficult in many cases, especially if the candidate has followed the game very long.

Servia was all ready to go to war, but on looking over the assets found that she hadn't any ammunition. Funny a little thing like that should have been overlooked.

Any delay in winter weather will be welcome. It will help upon the Christmas by saving money on the coal bills.

The Pennsylvania railroad system is under inspection this month but there will be nothing doing in the way of improvements until the election is over and business knows where it is "at."

The new twenty-dollar gold piece "won't stack," it is said. But they can be exchanged for poker chips, which are not open to the same objection.

The class rush and the football rush have many points in common: in fact, about the only difference is that football destroys less clothing.

Tourist travel is said to be very heavy. Some of it is headed for Europe, but most of it is coming South on side-door sleepers.—Atlanta Georgia.

Briefs of the County

Canonsburg, Oct. 14—A dog, with every indication of being mad, caused much excitement in West College street at noon Tuesday. At least seven houses were visited by the cur, and in some cases the animal rushed into the homes, frightening the inmates. The dog was finally shut in a cellar, an officer summoned, and the animal despatched.

Washington, Oct. 14.—Edna Manson, colored, of Taylorstown, was arrested by Detective Sarver yesterday charged with aggravated assault and battery, on information made by Mrs. Rosie Brandsor, also colored of the same place. The former was taken before Justice Gantz and was held for court. In default of bail she was committed to jail. Tom Manson, husband of the defendant, who was also called to answer to a similar charge, was discharged through lack of evidence.

BAPTISTS CONVENE HERE TOMORROW

Friday afternoon and evening representatives of various Baptist churches of the valley will convene here, to be the guests of the local Baptist people, at their church on Washington avenue, between Third and Fourth streets. In the afternoon questions of interest to church people will be discussed by different ones. Supper will be served in the church. In the evening there will be special music by the choir after which Dr. H. C. Gleiss, recording secretary of the Pittsburg Baptist association will make an address. A social session will follow.

A public meeting of Republicans will be held in Turners Hall Friday, night Oct. 16th, '08 at 8 o'clock, for the purpose of making arrangements to attend a Repbulican Rally to be held at Washington, Pa., every person invited. 5418

Making More Than a Living
Nearly every man who works steadily makes more than a living. During these slow times the men who have saved something appreciate what it is to have something laid away for a rainy day. A few cents a day soon counts up, and when savings are placed in a bank at a tidy interest the sum soon grows to proportions that make it a safeguard against want when work is not plentiful. Figure up how much more than a living you are making now, and place the difference in this bank. Four per cent. interest paid in savings department.

CAUSES DEBILITY

Here Are Facts Backed Up By a Strong Guarantee.

Debility is caused by catarrh. In our opinion, a person free from Catarrh was never troubled with Debility. Debility can never be cured by medicine not designed to cure Catarrh. We positively guarantee to cure Catarrh, and thus cure Debility. In every case where we fail to effect a cure, we will not charge a cent for the medicine employed during the trial. Now, surely no one should hesitate to believe us or to put our claim to a practical test under such conditions. We take all the risk; no one else can lose anything by the transaction.

We make these statements and this offer because we know and have time and again proved that Rexall Mucu-Tone will cure Catarrh. It is designed for that one particular purpose. It is not a cure-all prescribed to cure every disease that flesh is heir to. It is a specific. Rexal Mucu-Tone is absorbed in the stomach and carried by the blood until it penetrates every part of the body, acting as an antiseptic, disinfecting, cleansing, soothing and healing agent. It rids the system of all germs and poisonous matter, purifies and enriches the blood, rebuilds injured tissues, cleanses and invigorates the nerve-cells, neutralizes the acids of the body, stops mucus discharge, tones up the entire system, promotes nutrition, increases body weight, and brings a feeling of healthfulness that is lasting.

We have Rexall Mucu-Tone in two sizes. Prices 50c and $1.00. We urge you to try a bottle on our guarantee.

John W. Carroll, Charleroi, Pa.

Two Sorts of Paint Makers.

Why don't Devoe make paint, as many others do, to go three-quarters as far, or two-thirds, or half, or a third, or a quarter?

Mr Aaron Higgins, Plainfield, N. J, always used 15 gallons of paint for his house; Devoe took 11.

There are two sorts of paint: all paint, true paint, strong paint, full-measure; and part paint, false paint, weak paint short-measure.

The paint-manufacturers are two sorts: Devoe and others.

Buckholdt Hardware Co.

DeWitt's little Early Risers, safe easy, pleasant, sure, little liver littl iver pills. Sold by Piper Bros. eod.

Household Hints.

A scratch on polished furniture can be almost obliterated by rubbing vigorously with linseed oil.

A half worn carpet may be made to last much longer by ripping it apart and transposing the breadths.

If an iron is not at hand when marking clothes with indelible ink, hold the writing against a lighted lamp chimney or gas globe.

Holes in plaster walls may be stopped with a mixture of sand and plaster of paris mixed into a paste with water. When dry cover with a piece of paper to match the wall.

Never allow the fire box of a cook stove to be more than three-fourths full. When the fire box is full a larger amount of coal is not only consumed, but much heat is lost and the draft is checked.

Industrial Items.

Hydraulic presses are used in England for making seamless steel boat hulls.

In place of horses, bullocks or oxen are generally employed on the farms in Bolivia.

There are thirty-seven meat freezing establishments in New Zealand, but probably only one-half of them do any killing.

Germany is freely imitating American patterns in the manufacture of farm implements and machinery, though American harvesters still predominate.

The world's greatest industry is probably cotton manufacturing, with its many ramifications and special branches. In Germany each special branch tends to concentrate in some particular section and around some particular town

As to Traveling.

"Yes, sir. When I travel I want the very best."

"So do I. That's why I always stay at home."—New York Life.

Generally Admitted.

Whatever may be said of a sweetheart, "Too gidly," "too old" or "too new," There's one point admits of no question— She can't be "too good to be true."

—Philadelphia Press.

Duplicates.

Stella—Did you get duplicate wedding presents?

Bella—Yes; the same as at her first marriage.—New York Sun.

To the Limit.

Women have decided to wear even larger hats.

"Not impracticable at all," they explained. "The center doors of the new cars are twice as wide as in the old ones."

Men wondered, but were helpless.—Philadelphia Ledger.

MARIANNA

LOCATED BY THE PENNSYLVANIA RAILROAD.

Now is the time to invest in one more of the well-paid building lots we offer for sale at MARIANNA—the town of happy homes and profitable investment—destined to be the most prosperous community in Washington County.

DO YOU WANT AN INVESTMENT WHERE THE ELEMENT OF RISK IS WHOLLY UNLIMITED? If so, take the 8:28 a. m. train at Union Dep t, Pittsburg for MARIANNA on

SATURDAY, OCTOBER 17,

WHERE WE WILL SELL SOME CHOICE

BUSINESS AND RESIDENT LOTS

MARIANNA is located on Ten of the Pennsylvania Railroad, E ch Mile Creek, Washington county, 20 miles from Pittsburg; 2 miles from Monongahela City; 12 miles from Waynesburg; 18 miles from Washington; one mile from Zollarsville; six miles from Scenery Hill.

MARIANNA has the only standard gauge railroad into this district. MARIANNA is to be the center where the largest coal mines in the great coal and coke center and country are under aggressive and expert development

The great drain on the coal fields of Fayette and Westmoreland counties in Pennsylvania—that have been producing approximately 50 per cent of the coke manufactured in the United States—is being felt to such an extent that the remaining life of the old field is a pressing consideration. During the past year there has been a notable trend toward the Washington and Greene county coking field. The following interests have invested and expect to operate in this new field: The Bessemer Coke company, the Dilworth Coal company, Andrew-Hitchcock Iron and Steel company, the Youngstown Iron and Steel company, the Gilmore Coke company, the Osborne & Patterson interests, the Pittsburg-Westmoreland Coal company, the Pittsburg-Buffalo company, the Emerald Coal company and the Lackawanna Iron and Steel company.

The Pittsburg-Buffalo company, which owns 16,000 acres in this field expects to erect one of the largest coking plants in the United States, and the three new mines now being equipped and which have been in development during the past two years are located at MARIANNA, on the new extension of the Monongahela Division

Investigate this gateway to this new coal and coke district. Location, railway and market facilities all assist.

MARIANNA will enjoy all modern improvements. A 3-story brick hotel, strictly modern, is being constructed and will throw its doors open to the public about the first of the new year. The Farmers and Miners Bank building is under way. The Marianna Water company will supply water in abundance—no water famine in Marianna. The Manufacturers Light and Heat company maintain a station at this point. Eighty families are already comfortably located there.

Investigate other new towns—you will then invest at MARIANNA.

Lots from $100 to $600, according to size and location. Easy payments. Titles are perfect.

Our representative will be on the ground all day SATURDAY, OCTOBER 17. All questions cheerfully answered.

These lots will not stay on market long; prices will soon soar.

Trains leave Monongahela for MARIANNA at 6:30 a. m., 9:35 a. m. and 4:52 p. m.

Return trains leave MARIANNA at 11:26 a. m. and 6:38 p. m. for Pittsburg, Monongahela and all river points.

NEW COATS for the Baby

BERRYMAN'S

The NEW BELTS

Greatest Selections and Best Values in Women's Fall Suits.

Our show rooms are stocked with the very newest and best there is to be had. The selection is very large—containing every model approved by style leaders—and prices are noteworthy low. The very important points of fitting and alterin g are well taken care of, all work being guaranteed positively satisfactory. Come now and see this great style show.

THE STYLES

The generally accepted idea for Fall Suits is the long coat—but as different lengths are suitable for different figures, it is best to get the coat that's most becoming, whether or not it is as long as the ordinary Fall model. In other words, we have every possible length, and it is our aim to sell the most becoming length to each lady. Remember that some of the shorter models are equally stylish. Lengths are 27, 32, 36, 40, 41, 50 inc..

THE SKIRTS

Are remarkably handsome and range from the strictly tailored gored style to the richly trimmed—all to conform perfectly with the style of the coat.

We cordially invite you to come—look at them—try them on—whether you wish to buy or not.

Berryman's
CHARLEROI'S LIVE STORE

Personal Mention

George Anderson, of the Monongahela Republican was in Charleroi last evening at the skating rink.

P. R. R. detectives Henderson and Holland have rounded up thieves who stole seat cushions from passenger trains at Shire Oaks.

Miss Alma James has left for Elwood, Indiana, to spend several weeks.

Mrs. Charles Steele, Mrs. Willite Binns and Miss Alice McKeon are Pittsburg visitors today.

Mrs. William Porter is a Pittsburg visitor today.

Mrs. Harry Meyers of Oil City, has returned home from a visit with friends in Charleroi.

T. Tomlinson is spending the day in Pittsburg.

Dr. J. Clive Enos was attending to business in Pittsburg.

Mrs. E. Brown and daughter Miss Winifred are spending the day in Pittsburg.

J. H. Lee and Mrs. Ferguson have returned from Chambersburg where they were sent the former as delegate of the Coal City Lodge, G. U. O. O. F. and the latter the Household of Ruth of Monongahela.

As a result of a fight on Fallowfield avenue last night between Sixth and Seventh street, the two principals were fined $3 and costs at a hearing this morning

Miss Anna Shepler was in Pittsburg yesterday visiting Harry B. Staver at the Mercy hospital.

Pool Boats May Be Taken Out

In the absence of a rise in the rivers eight or more poolboats will be taken out of commission by the close of the present week. The presence of acids in the Monongabela river and its destructive effects on the boilers that resulted in operators sending all poolboats to the banks that can be spared. Some of the boats have been sent to the shops three or four times since July 1 to have boiler plates replaced. The quantity of acid in the river i said to be greater on account of the stagnant condition of the water in the pools. With a stage of eight feet in the pools the water runs over the dams and the geater portion of the acid is carred off and injury to boilers reduced to a minimum.

Surprised By Friends.

Mrs. John Laverick of Dunlevy was tendered a pleasant surprise last night at her home, her parents, brothers and sisters with their families gathering to do her honor. The evening was enjoyable spent. A lunch was served.

Arranging For Skating Party.

A committee of young men of Charleroi and Monongahela are arranging for a skating party to be held at the local rink in the very near future. The date has not been announced as yet.

419 McKEAN AVE.

EVERYBODY KNOWS THAT

clothes don't make the man—but every little helps, and "ALCO SYSTEM CLOTHES" help more than any other ready-to-wear clothes we know.

The new Fall and Winter models have every little feature the young man of today wants in his clothes, such as rounded corners at bottom, and on collar and lapels: long, soft rolled lapels, two or three buttons, cuffs on sleeves, slanting pockets, and other small details that stamp the style as fashion's latest.

Overcoats show the same careful designing and once you are clad in an "ALCO suit and overcoat you enjoy the real sensation of being well dressed.

Quality of materials is what regulates the price of "ALCO" clothes and not the style, as it costs no more to put in the style than it would to make them "like grandfather used to wear." So we insist on the style—and get it.

You will be asked twenty to twenty five per cent more in other stores for suits and overcoats we sell at $10.00, $12.50, $15.00, $18.00, $20.00 and $25.00

We are Specialists on Men's Hats and Furnishings and always carry the newest styles.

What Is Worth Having Is Worth Going After

MAIL advertisers and readers of MAIL advertisements know where to go after the things worth having

That Is Why They Use

THE MAIL

Ralston
SHOES for
THE MAN FROM MISSOURI

The man from Missouri is always welcome in our store. We claim for RALSTON SHOES, but nothing which we cannot substantiate and it pleases us to hear a man say "show me."

We've been in the shoe business for a long time, but Ralston Shoes are the only shoes we know which are stylish enough to please the eyes of the most fastidious dresser without making his feet pay the penalty. There's a reason. Will you say "show me?"

Price is a Good Salesman, But Quality is a Better One.
